Safety Warnings

- 1) Follow the information on the warning label attached to the upper bunk end structure. Do not remove this label.
- 2) Always use the recommended size mattress to help prevent the likelihood of entrapment or falls. Use a mattress which is 75" long and 38 1/2" wide on the top bunk.
- 3) Always use the recommended size mattress to help prevent the likelihood of entrapment or falls. Use a mattress which is 75" long and 53 1/2" wide on the lower bed (full size).
- 4) Surface of mattress must be at least 5 inches below the upper edge of the guard rails. Ensure thickness of mattress and foundation combined does not exceed 8".
- 5) Do not allow children under 6 years of age to use the upper bunk.
- 6) Prohibit more than one person on the upper bunk.
- 7) Periodically check to ensure that the guard rails, ladder, and other components are in their proper position, free from damage, and that all connectors are tight.
- 8) Do not allow horseplay on or under the bed and prohibit jumping on the bed.
- 9) Always use the ladder for entering and leaving the upper bunk.
- 10) Do not use substitute parts. Contact the manufacturer or dealer for replacement parts.
- 11) Use of a night light may provide an added safety precaution for a child using the bunk.
- 12) If the bunk bed will be placed next to a wall, the guard rail that runs the full length of the bed should be placed against the wall to prevent entrapment.
- 13) Always use guard rails on both sides of the upper bunk.
- 14) The use of water or sleep flotation mattresses is prohibited.
- 15) Keep these instructions for future reference.

STRANGULATION HAZARD

Never attach or hang items to any part of the bunk bed that are not designed for use with the bed. For example, but not limited to hooks, belts or jump ropes.

Warning - On Beds with finials that can be configured as Bunk Beds!

Effective on Bunk Beds manufactured on or after March 10, 2008, finials cannot be used.

The finials provided with certain beds, which are part of the design of the bed, are to be used only in one of the lower configuration – that is as a Twin, Full, Queen or King configuration.

These finials are never to be used in the upper structure in a Bunk Bed configuration.

Using the finials in the upper structure of a Bunk Bed will create a strangulation hazard. Never use finials in the upper structure of a Bunk Bed.

A flat Mushroom Cap – made to conform to the requirements provided to take the place of finials in the upper structure in Bunk Bed configurations.
